

NEW PRODUCT!

TOW RAX

Tow RAX can transport
EZ-RAX and Pro-RAX products

Product Description

Our newest addition to the Bil-Jax “RAX” family of products is our towable version designed to take the time and labor out of packing and delivering scaffolding to your customers. No need for a forklift at your facility or the job site. Easily rented and hassle free for you and your customers.

Features & Benefits

Hitch & Go:

- No need for a forklift to load on a truck
- No need to provide a “free” trailer

Multiple Use Trailer:

- Scaffold can be quickly and easily removed from trailer to allow for greater flexibility.

A Place for Everything:

- One code for inventory management
- QR code for easy access to scaffold assembly instructions

Rental Flexibility: EZ-RAX or Pro-RAX Compatible

- Both our Exterior Scaffold (Ex-RAX) 10, 15, 20 ft and Interior Scaffold (Pro-RAX) 12, 17 ft versions

For more information go to www.biljax.com or contact your local **Bil-Jax representative**
